

GENICC

ENGINEERING

WORLD-CLASS
ENGINEERING SOLUTIONS AND
PROCUREMENT PARTNER.

ENGINEERING

Genicc Engineering strives to be a World-class Engineering Solutions and Procurement Partner. We aim to deliver premium value to our clients with world-competitive pricing and meeting the highest standards.

Genicc Engineering is a growth-oriented company founded by experienced engineering professionals, respected for their insight and ability to meet the latest demands of various industries across the globe.

Known for maintaining strict performance standards, we duly ensure our delivery schedule and customer satisfaction with the highest standards of integrity and commitment.

Our services include Supply of Industrial Equipment, Procurement Assistance, Strategic sourcing and Consulting.

OUR MISSION

Our aim is to keep your machines upgraded, your production on track and cut your costs by introducing to you the latest technologies and offering you the best-in-class Engineering solutions.

We shall be committed to support your plant and extend its productive life with expert assistance whenever and wherever you need it.

Partnership with us brings forth a unique ability to improve efficiency, increase reliability, and reduce operating costs with minimal downtime.

GENICC

OUR SPECIALITIES

Technical and economical solutions for various industries under our radar, including yours.

1

CEMENT PLANT EQUIPMENT

2

MINING AND CONTINUOUS PROCESS MACHINERY

3

PETROLEUM REFINERY EQUIPMENT

4

POWER STATION EQUIPMENT

5

STEEL ROLLING MILL EQUIPMENT

6

CONSTRUCTION EQUIPMENT

7

SUGAR REFINERY EQUIPMENT

8

CHEMICAL PLANT EQUIPMENT

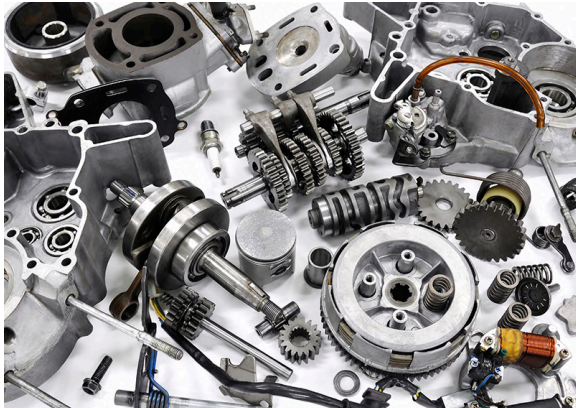

9

PULP AND PAPER MILL EQUIPMENT

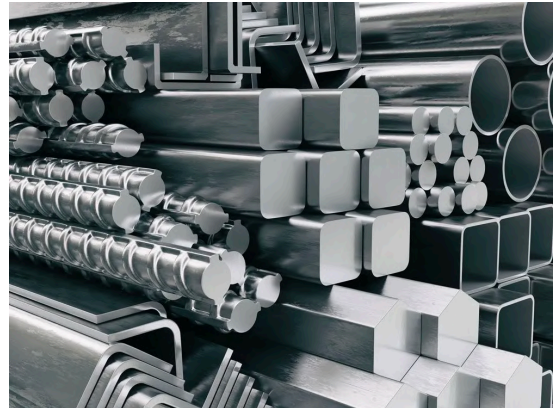

OUR COMPETENCIES

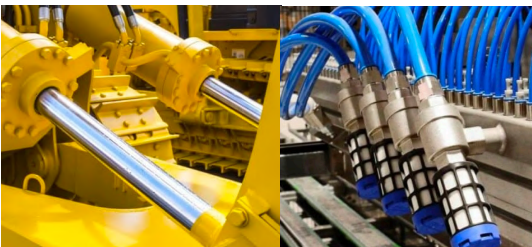

01. OEM BOUGHT-OUT PARTS

We source parts or spares directly from manufacturers who supply to OEMs.

02. STEEL

Structural steel, MS & SS plates, MS pipes, SS pipes, Hard plates, All types of castings.

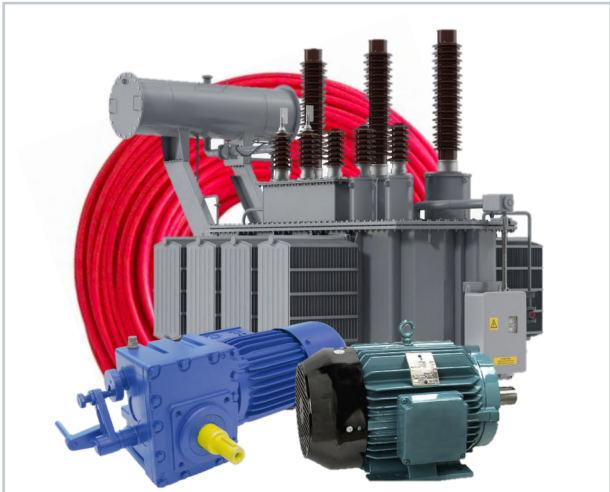

03. HYDRAULICS & PNEUMATICS

Hydraulic hoses, Hydraulic seal kits, O-Rings, Seals, Hydraulic components, Accumulators, Accumulator spares, Pneumatic cylinders, Pneumatic seals, Solenoid valves, etc.

04. CONVEYORS

All types of Conveyor belts, Conveyor pulleys, Idlers, Scrapers, Lagging rubbers, Splicing kits, Screw conveyors, Pneumatic conveyors, Rotary valves, Slide gates, Shutoff gates, etc.

05. ELECTRICAL & INSTRUMENTATION

LT, Geared motors, Spares for LT & HT Motors, Transformers, Cables, All control automation & equipment safety devices.

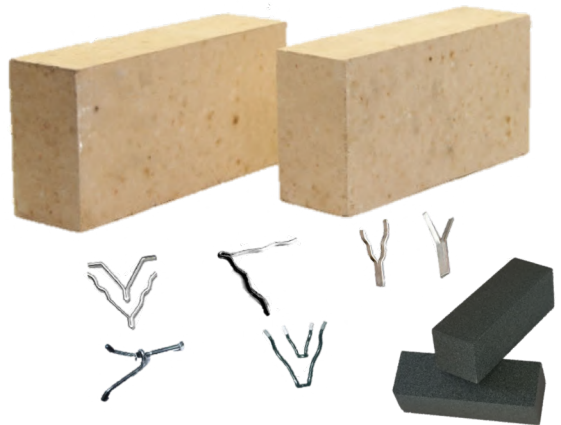

06. BEARINGS & PLUMMERBLOCKS

Bearings, Sleeves, Labyrinth seals, Thrust pads, Diaphragm seals, Gaskets, Plummer blocks.

07. PUMPS & ACCESSORIES

Centrifugal, Submerged, Vertical Turbine, Multi-stage High head pumps, Valves, Flow meters, Pressure Gauges, Flanges, Gaskets, etc.

08. REFRACTORIES & CASTABLES

All types of refractory materials, SS anchors, Basic bricks, High alumina bricks, Silica bricks, Fiber cloth, Castable materials, Castable mixers, etc.

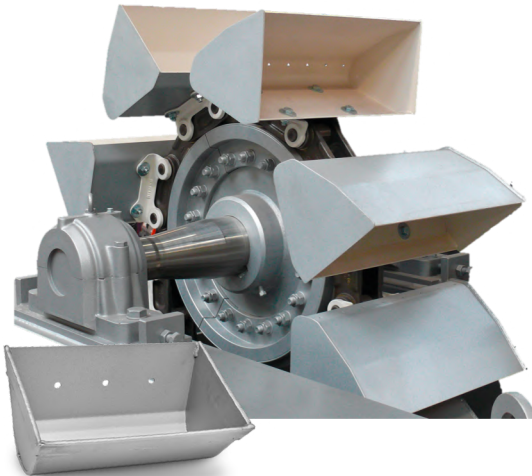

09. ENVIRONMENTAL PROTECTION EQUIPMENT

Spares for baghouses, Filter bags, Cages, ESP spares, etc.

10. PROCESS MEASUREMENT EQUIPMENT

Weighing systems, Weigh feeders, Metal detectors, Magnetic separators, etc.

11. BUCKET ELEVATOR & SPARES

All types of chains, Belts, Buckets, Fasteners and Monitoring systems.

12. FILTERS & ACCESSORIES

Air filters, Oil & fuel filters, Hydraulic filters, Gas filters and accessories.

**13. AIR COMPRESSORS,
BLOWERS & PROCESS FANS**

All types of compressors, Blowers, Fans, and Spares.

**14. PACKING & PRINTING
MATERIAL**

All types of packing material, Online printing equipment, Inks & Solvents.

15. WAREHOUSE EQUIPMENT

Selective Pallet Racking, Shuttle Racking System, Cantilever Racking, Heavy Duty Shelving, Carton Flow Racking, Multi-Tier Shelving, Metal Pallets, etc.

16. POWER TRANSMISSION

V-Belts, Timing / Toothed belts, Toothed pulleys, Transmission Pulleys, Taper locks, Flexible couplings, Industrial chains, Fluid couplings, etc.

17. TOOLS & FASTENERS

All types of tools, Tackles & fasteners, Fixing elements, Measuring equipment, etc.

18. WELDING

Welding equipment, Welding Electrodes, Wires, Torches and Hard faced plates.

19. POWER PLANT EQUIPMENT

Boiler Bed Material, Precision valves, Flow measurement tools, Ventilation equipment, Electrically operated Actuators, WTP spares, Alignment tools, Turbine & Generator spares.

OTHERS ?

Beyond our existing competencies? Let us know what you are looking for and we shall deliver the right product at the best price.

OEM MAINTENANCE SERVICES

With the technical expertise of our support team, we offer OEM equivalent and better maintenance at a fraction of the cost.

CONTACT US

We are glad to assist you with your quotation. If you have any comments or feedback, please contact us through any of the following mediums below. Genicc Engineering undertakes to respond to all customer queries or enquiries made through the email or phone channel not later than 48 hours from the time of receipt.
